Start Early, Invest Tax-Free

Maximize your savings by contributing early in order to benefit from tax-free compounding.

What is a TFSA?

First introduced in 2009, the TFSA is a flexible, tax-exempt way to grow your savings. TFSAs enable Canadians aged 18 and older to earn tax-free income and capital gains on investments.

Contributions and withdrawals can be made at any time, without penalty. Any amount withdrawn in one year, can be added to your contribution room the following year and unused contribution room can be carried forward indefinitely.

You can also provide funds to your spouse or common-law partner to invest in their TFSA and TFSA assets can be transferred to your spouse upon death.

What are the benefits of a TFSA?

- Investments grow tax-free
- Principal, capital gains and income can be withdrawn at any time, tax-free
- Contribution room can be carried forward indefinitely
- Income earned in a TFSA does not impact RRSP contribution room
- Eligibility for certain Federal and Provincial income-tested benefits (OAS, Child Tax Benefit, GST credit, Guaranteed Income Supplements) is not affected by TFSA contributions

What is the contribution limit?

The contribution limit for 2016 is \$5,500 and \$5,500 for 2017. Unused contributions may be carried forward indefinitely. Therefore, if you were at least 18 years of age in 2009, your total contribution limit would be \$52,000.

Is there a penalty for over contribution?

There is a 1% penalty charged on a monthly basis on any excess contributions to your TFSA. Your TFSA contribution room can be tracked on the Canada Revenue agency website: <http://www.cra-arc.gc.ca/esrvc-srvce/tx/ndvdl/myccnt/menu-eng.html> or by calling the Tax Information Phone Service (TIPS) number 1.800.267.6999. The Canada Revenue Agency will also report your contributions and eligibility on your yearly income tax assessment.
